Profile

HR Operations professional with experience managing end-to-end employee lifecycle transactions from onboarding, probation tracking, leave and attendance administration, to exit/offboarding formalities, using Keka HRMS. Skilled in resolving employee HR queries and grievances within turnaround-time (TAT) driven service standards, communicating policies clearly to employees, and escalating complex or data-correction issues to the right owner. Experienced in HR analytics, MIS reporting, and compliance/audit documentation (ISO). Known for strong customer service orientation, attention to detail, and the ability to manage competing priorities in a fast-paced environment.

Work Experience

Neotas , *Associate - HR & Operations* 11/2023 – Present | New Delhi, India

- **Employee Query Resolution & HR Support:** Acted as the primary point of contact for HR support tickets, employee grievances, and policy interpretation—resolving queries within defined turnaround times and escalating complex or data-correction issues to the appropriate owner, maintaining a positive employee experience.
- **Employee Lifecycle Transactions:** Managed end-to-end HR operations in Keka HRMS, covering onboarding, background verification (BGV), probation tracking, and exit/offboarding formalities. Coordinated attendance, leave regularization, and payroll transactions in alignment with Finance.
- **Policy Communication & Compliance:** Drafted, maintained, and communicated core HR policies and standard operating procedures (SOPs) to employees. Drove ISO compliance initiatives, managing asset documentation, access control records, and audit evidence preparation.
- **HR Analytics & Reporting:** Analyzed Employee Satisfaction Surveys (ESS) and built monthly MIS dashboards tracking attrition, HR ticket TAT, and workforce metrics to support leadership decisions and service-standard adherence. Monitored employer review platforms to gauge company sentiment.
- **Employee Engagement & Employer Branding:** Orchestrated company-wide engagement initiatives, including townhalls, policy roadshows, Rewards & Recognition programs, and events such as Secret Santa and Fun Fairs.
- **Talent Acquisition & Administration:** Supported full-cycle recruitment by sourcing, screening, and coordinating interviews. Managed employee asset allocation, recovery, and general office administration.

Key Projects & Initiatives

- **Policy & SOP Development:** Created SOPs for Offboarding, Leave & Attendance, HR Support Tickets, and Background Verification; developed and updated policies covering Compensation & Benefits, Performance Management, and Diversity & Inclusion.
- **Compliance & Training Design:** Supported ISO documentation/audit evidence preparation and designed internal cybersecurity and compliance training presentations (e.g., portable & removable media best practices).
- **HR Reporting Frameworks:** Implemented tracking frameworks covering attrition, employee satisfaction, HR ticket resolution, and overall workforce insights.
- **Engagement & Event Management:** Managed company-wide employee engagement initiatives and surveys, including organizing and tracking the Neotas Badminton Tournament and the Rewards & Recognition program.

Skills

- **HR Operations & Employee Lifecycle::** Onboarding, Exit/Offboarding Formalities, Probation Tracking, Attendance & Leave Administration, Background Verification (BGV).
- **Employee Query Resolution:** HR Support Ticket Handling, Grievance Resolution, TAT Adherence, Escalation Management, Policy Interpretation.
- **Compliance & Policy:** HR Policy & SOP Development, ISO Audit Documentation, Access Control Records.
- **HR Analytics & Reporting:** MIS Dashboards, Attrition Analysis, Employee Satisfaction Survey (ESS) Analysis.
- **HRIS & Tools:** Keka HRMS, MS Office 365 (Excel, Forms, SharePoint).
